

PREMIUM  
**X-SERIES**  
BRAKE PADS

**PREMIUM FRICTION  
MATERIAL**

In order for a newly installed brake pad to have superior braking performance and comfort from the start, Hardex® uses a scorching process that delivers a shorter bedding-in period and an efficient brake operation, right from the first brake use.

**POSITIVE MOLDING**  
TECHNOLOGY

**ANTI-RATTLE  
3 LAYER OE  
MATCHING SHIMS:**

We use the most advanced Anti-Rattle Shims technology to ensure a quiet braking performance for drivers.

**OE STYLE  
BACKING PLATE:**

Available in Wire-drawing and Hole Drilled types.

**OE QUALITY  
PERFORMANCE**

X-SERIES PRODUCTS COME EQUIPPED WITH SIGNATURE HARDEX® TECHNOLOGIES SUCH AS **POSITIVE MOLDING** AND **ANTI-RATTLE SHIMS**.
